

RankPro 2018/2019 TOP World leading universities

Academic rankings

Academic ranking is calculated using an algorithm, which takes into account the most important factors of the university academic field. The following basic indicators are used:

- Academic staff (teachers and researchers including foreigners) and students in the university community - 32%;
- Diversity of education programs for students of different academic degree levels. A ratio of number of postgraduate students to the total number of students - 32%;
- A ratio of number of foreign students to the total number of students including student exchange and their global representation - 20%;
- A ratio of number of doctoral students to the total number of students - 10%;
- Composition of the academic staff (professors, teachers, assistants, researchers) and the share of professors - 3%
- A ratio of number of professors to the total number of students - 3%.

The parameters for each indicator and their average values are determined as a result of a survey conducted among members of the International Council of Scientists ICS.

Calculations take into account importance (weight) of each parameter (average values) that in turn are being assessed by a 10 point scale.

World classification:

- a+** – universities with the value of the academic ranking of at least 60 % of the maximum;
- a** – universities with the value of the academic ranking of at least 45 % of the maximum;
- a-** – universities with the value of the academic ranking of at least 35 % of the maximum;
- b+** – universities with the value of the academic ranking of at least 30 % of the maximum;
- b** – universities with the value of the academic ranking of at least 20 % of the maximum;
- b-** – universities with the value of the academic ranking of less than 20 % of the maximum;

For classification all academic rankings were normalized. 100 % - corresponds to the maximum value of academic ranking.

World rank	University	Country	Academic index	World Class	Share in RankPro
1	Yale University	USA	68.270	a+	50.000
2	California Institute of Technology Caltech	USA	64.471	a+	47.218
3	ETH Zürich-Swiss Federal Institute of Technology Zurich	Switzerland	62.570	a+	45.826
